TERRAPINS
"A great university is built through vision, planning and commitment. As we enter our 151st year, I am proud that the flagship University of the State of Maryland has all of these elements in place. Our collaborations are expanding locally, nationally and internationally. Innovation in teaching and learning is ever present. Partnerships are central to propelling the University forward and are having ever greater impact. And the seeds of entrepreneurship are being planted at every opportunity."
—Dr. C.D. Mote, Jr. President
University of Maryland, College Park
SINCE 1856

LAND TENNIS

THE TENNIS CENTER AT COLLEGE PARK

1 :: Maryland tennis has a stylish place to call home: The Tennis Center at College Park. Located on Paint Branch Parkway, this state-of-the-art facility has a total of 27 tennis courts - 12 indoor and 15 outdoor courts. The indoor courts are split into eight Decoturf II hard courts and four Har-Tru Clay courts. The outdoor courts consist of nine Decoturf II hard courts, four Har-Tru Clay courts and two red clay courts.

2 :: The clubhouse lobby includes a pro shop as well as a lounge area for athletes. The back door of the clubhouse leads to 15 outdoor courts.

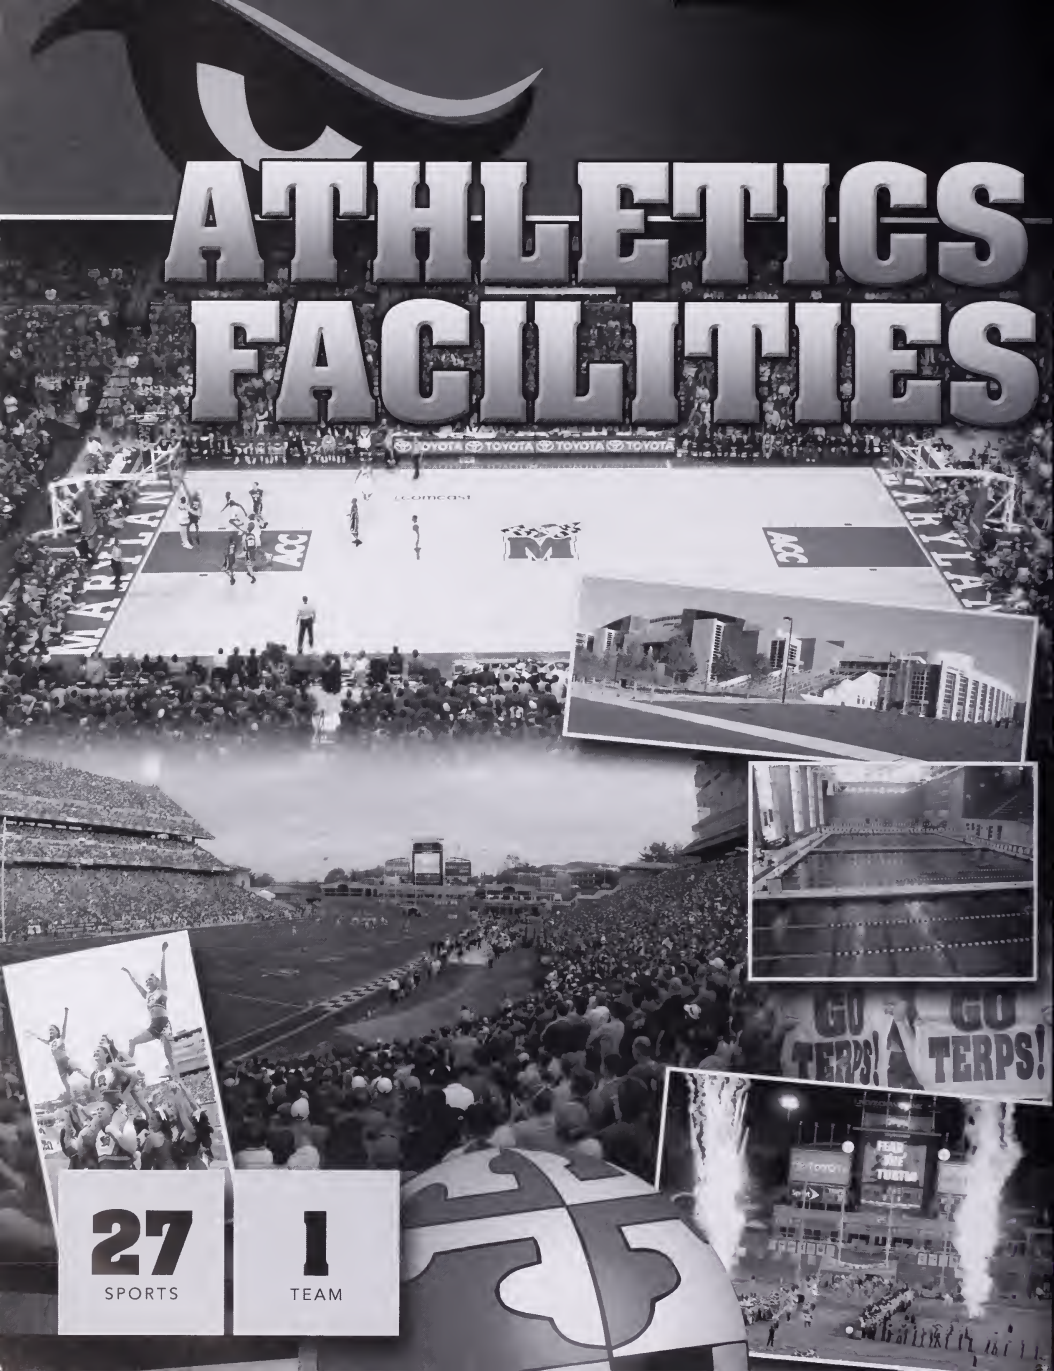
3 :: The outdoor courts have a beautiful walking galleria.

4 :: The Tennis Center offers a chance to play on European red clay, as well.

5 :: Each of these three tennis structures contains four fully-lighted courts ensuring playing time for everyone.

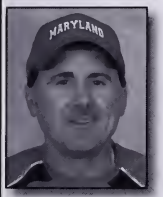
TM

ATHLETICS FACILITIES



HEAD COACH JIM LAITTA

18TH SEASON AT MARYLAND • EASTERN KENTUCKY '88



Jim Laitta is in his 18th season as head coach of the Maryland men's tennis program. He spent the first 11 years of his tenure as Maryland's director of tennis where he headed up both the men's and women's programs.

Laitta is in his seventh season running only the men's team, though the Terps have been a fully-funded program for just three seasons.

He is gradually building the Maryland men's program in the Atlantic Coast Conference, one of the top league's in the nation. Laitta has led the Terps to a national ranking in each of the last two seasons.

Over the years, Laitta's teams have had on-court success and he has shown the ability to build programs.

He began his first season (1990-91) with both men's and women's teams without any scholarship players. It wasn't until the 1998-99 campaign that the women's program had a full complement of eight scholarships.

Prior to Maryland having a fully-funded women's team, Laitta demonstrated his recruiting prowess and on-court coaching ability by taking his partially-funded teams to three NCAA Tournaments in four years.

In 1996, he led the Terrapin women's team to its first-ever NCAA appearance, as well as a tie for fourth place in the grueling ACC. As a result, he was named both ACC and NCAA Region I Coach of the Year by his peers.

The 1998-99 season saw the women's team achieve the "triple crown" at the NCAA Tournament by competing as a team and sending competitors in both singles and doubles. That was the first such occurrence in Maryland women's tennis history.

Laitta also coached two of his players through two other prestigious tournaments, the National Invitational Tournament and the National Clay Court Championships.

Prior to coming to Maryland, Laitta was the head women's tennis coach at Mississippi State University from 1989-1990. The program finished in the national top 20 and captured an NCAA Doubles Championship. In addition to coaching several college All-Americans and junior national champions, he has coached professionals who have competed in major tournaments such as the U.S. Open and Wimbledon.

Laitta played collegiately at Eastern Kentucky University, where he was team captain and played the No. 1 singles and doubles position. Upon earning his degree in psychology in 1988, he competed on the satellite tour before entering the coaching ranks.

COACH LAITTA'S RECRUITING STATEMENT

Head coach of the Maryland men's tennis program, Jim Laitta, recruits at the National Clay Courts (Boca Raton, Fla.), the National Hard Court Championships (Kalamazoo, Mich.), the Winter Nationals (Phoenix, Ariz.), Orange Bowl (Miami, Fla.) and several ITF junior championship tournaments.

"The type of student-athletes that we look for are highly motivated individuals who want to excel both on the court and in the classroom. Our program is one of the more intense in the country. The players on the team each have the option of 1-2 individual workouts a week. We prepare our players physically and mentally for their matches. We are starting to attract players here who have ambitions of playing on the pro tour. We try to accommodate all of the players' dreams and goals when they arrive here. When the players leave here upon graduating, they should all be able to say that they had the time of their lives the University of Maryland." – Jim Laitta

COACHING STAFF

KYLE BAILEY

ASSISTANT HEAD COACH
SECOND SEASON AT MARYLAND
AMERICAN '03

Kyle Bailey is in his second season as the Terps' assistant men's tennis coach, joining the staff in August 2006. Prior to coming to College Park, Bailey spent three years coaching at American University. He served as the Eagles' assistant coach for one year before assuming the head coaching duties his final two seasons.

A native of Reading, Pa., Bailey had a 29-15 record, including a 12-3 conference mark, with the Eagles. He led American to the 2005 Patriot League regular-season title and placed six players on the all-conference team.

The Eagles were also solid in the classroom as the team maintained a 3.46 cumulative grade-point average during his tenure. They also placed 12 student-athletes on the Patriot League Honor Roll.

A three-year captain of the American University tennis team, Bailey competed in the NCAA Tournament from 2001-2003. In addition, he was an All-Patriot League selection and team MVP in 2003.

Bailey excelled off the court, as well. He double majored in business administration and public communications while being a member of the Patriot League Academic Honor Roll and Academic Dean's List in 2002 and 2003.

Bailey currently resides in Washington, D.C.

BRUCE LIPKA

VOLUNTEER ASSISTANT COACH
FOURTH SEASON AT MARYLAND
TENNESSEE CHATTANOOGA '87

Bruce Lipka is in his fourth season as a volunteer assistant coach. Lipka is also the director of tennis at Woodmont Country Club in Rockville, Md. He has held that position since January 2000.

As a former collegiate coach at Miami (Ohio) University from 1989-1996, Lipka led his teams to three conference championships, and garnered three Mid-American Conference Coach of the Year awards. Prior to coaching at Miami, Lipka served as an assistant coach at the University of Florida.

Lipka was the USPTA 2004 Maryland Professional of the Year and the 2003 Mid-Atlantic Professional of the Year. He holds a master's degree in sport psychology from the University of Florida. Lipka is also a certified Master Racquet Technician with the USRSA, and is a USPTA and PTR certified professional.

Prior to entering the coaching profession, Lipka won two U.S. national titles and played on the ATP tour from 1985-1988.

Lipka resides in Olney, Md., with his wife, Nicole, and their three children, Jessica, David and Samantha.

SEASON OUTLOOK

TERPS LOOK FOR SUCCESSFUL RUN IN THE ACC

The Maryland men's tennis team enters the 2008 season with a great deal of confidence following a national ranking last year, a successful fall season, and the addition of a group of talented newcomers.

Last year's team opened the season strong, winning 10 of its first 12 matches, including a streak of five straight to begin the year. In the last of those five matches, No. 73 Maryland upended No. 55 Virginia Tech, which catapulted the Terps to No. 53 in the ITA rankings. The team continued to stay ranked in the top 60 for the rest of the season, reaching as high as No. 45 in the country.

Maryland plays another tough schedule this season, as 14 of the Terps' 21 opponents finished last season ranked in the top 75 in the nation, including eight teams that ended up in the top 25. Even in the face of such tough competition, the Terps are confident that they are up to the task.

"This could potentially be our best season in years," Coach Jim Laitta said. "We have a very talented team."

That talented team consists of five returning letterwinners, including Boris Fetbroyt, who led the team with 28 wins in singles and doubles last season. Also returning is junior co-captain Andrew Orban, who won his flight at the UNC Fall Invitational during the fall 2007 season and advanced to the round of 16 at the ITA Mideast Region Championships while paired at doubles with Fetbroyt.

"I expect a lot of good things from our captains, Andrew [Orban] and [returning junior] Nickolai [Nielsen]," Laitta said. "Andrew had a great fall, and this should be his best season since he came to Maryland. And Nickolai provides good, strong leadership."

Also returning is David Kwon, a highly recruited player who finished last season with an impressive 11 singles and eight doubles wins as a true freshman, and senior Michael Coleman , a three-year letterwinner.

"David [Kwon] is one of the more talented players in the region," Laitta said. "We need to keep him healthy this season and he will do well."

Joining the seasoned veterans are freshmen Amit Inbar and Roshan Potarazu, and sophomore transfer Alex Aksanov.

Coming out of high school, Aksanov was a five-star recruit and was ranked in the top 100 in his class, while Potarazu was a four-star recruit is a local product from Wootton High School in Potomac, Md.

Inbar, who is originally from Tel Aviv, Israel, was one of the top three recruits in the country coming out of high school.

"Amit is a great player," Laitta says. "He can have a big impact on this program."

Despite the tough competition, the Terps head in to the season with great expectations after a productive fall season. and with an abundance of talent from returning players and new members of the squad.

Maryland's objective this season is simple, Laitta said.

"The goal for the team this year is to qualify for the NCAA tournament, and if we work hard and stay healthy, we have a great chance to do that."

Seniors (1): Michael Coleman
Juniors (3): Boris Fetbroyt, Nickolai Nielsen, Andrew Orban
Sophomores (2): Alex Aksanov, David Kwon
Freshmen (2): Amit Inbar, Roshan Potarazu

PRONUNCIATION GUIDE

Alex Aksanov: AHK-san-ov
Amit Inbar: AH-meet
Rasan Potarazu: Pot-er-ah-ZOO

ALEX AKSANOV

SOPHOMORE
BROOKLYN, N.Y./MIDWOOD HS (RUTGERS)

On Aksanov: Improved a great deal in the fall ... has a good chance to make the singles lineup.

Fall 2007: Won first two matches of the season at both singles and doubles at the Navy Invitational ... won three of four matches at the William & Mary Invitational.

Before Maryland: Transferred from Rutgers prior to the Fall 2007 semester ... played one season with the Scarlet Knights.

Personal: Born on May 6, 1988 in Minsk, Belarus ... parents are Peter and Lyudmila Aksanov ... has one sister, Rosa (8) ... cousin Polina Zaretser plays tennis at Rutgers ... recipient of the David Dinkins Scholarship at Rutgers ... member of Dean's list while at Rutgers ... transferred to Maryland for its great academic reputation, nice atmosphere and friendly people ... one of his nicknames is AA.

MICHAEL COLEMAN

SENIOR
BOWIE, MD./ELEANOR ROOSEVELT HS

On Coleman: A very gifted student-athlete who will add depth to the 2008 squad ... will be looked upon for leadership ... is a talented doubles player.

Fall 2007: Started the season with two doubles wins at the Navy Invitational ... won in qualifying round and the round of 64 at the ITA Mideast Regional Championships.

Spring 2007: Won only singles match he competed in, posting a victory against Delaware ... earned wins in two doubles matches.

Fall 2006: Won only singles match he competed in, claiming a victory against Navy.

Spring 2006: Started the season with three straight wins ... won one ACC match against Boston College ... finished with a 6-3 record in singles play.

Fall 2005: Won two singles matches at the Navy Invitational as well as one doubles victory with former Terrapin Josh Brauser ... won three straight doubles matches at the Penn Classic with former Terp Louis-Xavier Lavallee ... went 4-3 in singles play.

Spring 2005: Captured four singles matches ... also won four doubles matches, two apiece with Brauser and former Terp David Reichsfeld.

Fall 2004: Made an immediate impact in his first semester with the Terps by capturing the No. 6 flight singles title at the Brown Invitational...teamed with Reichsfeld to win two doubles matches at the Tom Fallon Invitational.

At Eleanor Roosevelt High School: Two-time team MVP ... won counties three times...earned Mid-Atlantic rankings of No. 1 in 14's, No. 5 in 16's and No. 10 in 18's.

Personal: Born on August 23, 1986 ... parents are Mike and Claire Coleman ...has two sisters ... enjoys watching football and movies ... was a member of the National Honor Society and the Latin Honor Society in high school ... also recruited by St. Joseph's, Princeton and Columbia.

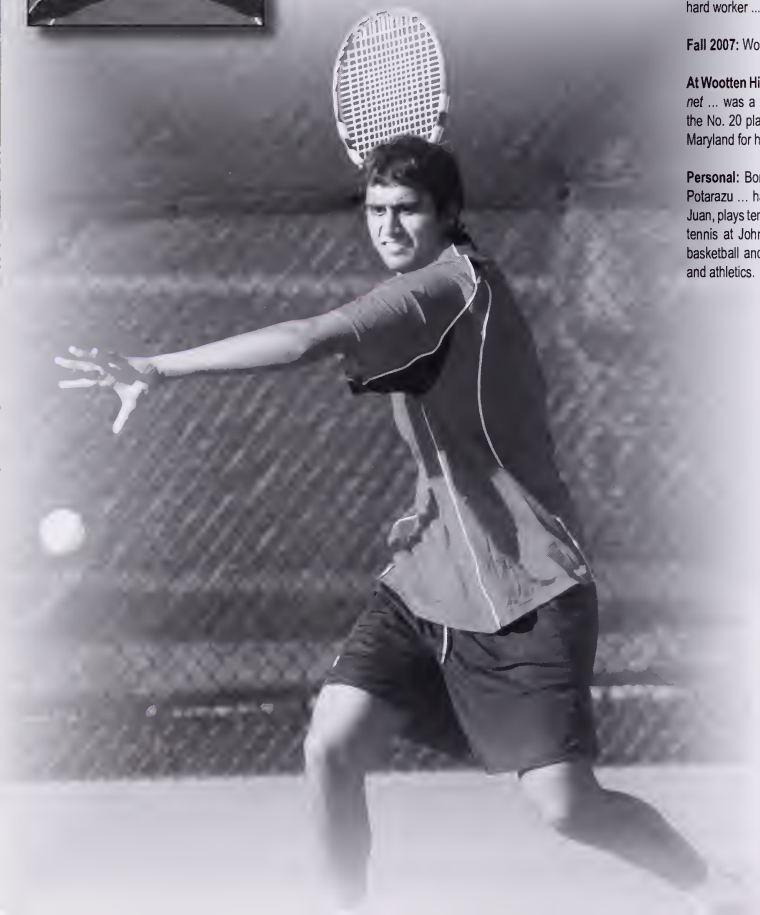
ROSHAN POTARAZU

FRESHMAN
ROCKVILLE, MD./WOOTTEN HS



On Potarazu: Will add depth to the lineup this season ... an extremely hard worker ... his enthusiasm rubs off on the entire team.

Fall 2007: Won first match as a Terp at the UNC Fall Invitational.

At Wootten High School: Rated a four-star recruit by *tennisrecruiting.net* ... was a regional semifinalist in both 2005 and 2007 ... rated the No. 20 player in the Mid-Atlantic region and the No. 5 player in Maryland for his class.

Personal: Born on May 24, 1989 ... parents are Uma and Ramu Potarazu ... has three brothers, Krishna, Juan and Nitin ... brother, Juan, plays tennis at American University, and brother, Krishna, plays tennis at Johns Hopkins ... favorite hobbies are sports, primarily basketball and football ... chose Maryland for its great academics and athletics.

2007 SEASON REVIEW

TERRAPINS GAIN EXPERIENCE IN SEASON RIDDLED WITH INJURIES

The Maryland men's tennis team, which was ranked nationally throughout most of the year, started off 2007 with an impressive hot streak, before cooling off slightly late in conference play.

Maryland won 10 of its first 12 dual matches, including a pair over Atlantic Coast Conference opponents, highlighted by an upset of No. 55 Virginia Tech.

Following the win over the Hokies, the Terps jumped from No. 73 to No. 53 in the ITA rankings. After the conclusion of non-conference play, and a win over Boston College, Maryland reached No. 45 in the nation, its highest ranking of the season.

The Terps also upended No. 51 Pennsylvania in the second dual match of the season, downing the Quakers in Philadelphia.

Throughout their league schedule, the Terps' ranking never dipped below No. 57 in the country, before finishing No. 70 in the final poll.

Although the Terps struggled a little in conference action, the tough losses came against some of the best teams in the country. All 11 defeats on the season came vs. ranked opponents, including 10 to higher ranked foes.

Individually, senior Scott Fink led the team with 15 wins at singles and added 13 doubles victories to tie for the most combined wins on the team (28). Sophomore Boris Fetbroyt also earned 28 victories on the season, as he won 13 singles matches and 15 at doubles.

Sophomore Andrew Orban also had a standout season, winning 11 singles matches, including four against ACC opponents. He also had 14 doubles wins.

ANDREW ORBAN

David Kwon finished the season with an impressive 11 singles and eight doubles wins as a true freshman, and sophomore Aaron Carr finished the season with a 10-9 record at singles.

Nickolai Nielsen, who was nominated for ACC Freshman of the Year in his first season with the Terps, earned six wins at singles and six more at doubles, and was named to the Academic All-ACC Team.

THE UNIVERSITY OF MARYLAND

DEEP ROOTS, BROAD IMPACT

Charles Benedict Calvert founded the Maryland Agricultural College in 1856 with the goal of creating a school that would offer outstanding practical knowledge to him and his neighbors and be "an institution superior to any other."

One hundred and fifty years later, the University of Maryland has blossomed from its roots as the state's first agricultural college and one of America's original land grant institutions into a model of the modern research university. It is the state's greatest asset for its economic development and its future, and has made its mark in the nation and the world.

Calvert would be astounded by the depth and breadth of research activities, innovative educational programs, and the single-minded pursuit of excellence that are part of the University of Maryland today. Maryland is ranked 18th among the nation's top public research universities by *U.S. News & World Report*, with **31 academic programs in the Top 10 and 92 in the Top 25.** It is also ranked No. 37th in the world, according to the Institute of Higher Education at at Shanghai's Jiao Tong University.

Maryland is **the state's premier center of research and graduate education and the public institution of choice for undergraduate students of exceptional ability and promise. The faculty includes three Nobel laureates, six Pulitzer Prize winners, a three-time Emmy Award winner, 40 members of national academies and scores of Fulbright scholars.** The university focuses great attention on the highest academic standards, affordability for all qualified students, and a President's Promise program that guarantees opportunity for extraordinary extracurricular and professional experiences for each student.

It has earned a national reputation for its enriched educational experiences for undergraduates, including such widely imitated living/learning programs as College Park Scholars; Gemstone, a unique program that brings teams of students together from across disciplines to tackle specific technical problems; and the Hinman CEO Entrepreneurship Program, sponsored jointly by the A. James Clark School of Engineering and the Robert H. Smith School of Business, and widely recognized as the most successful student entrepreneurship program in the nation.

These programs are guided by outstanding faculty whose accomplishments in research abound. Whether the issue is Mideast peace, cutting-edge research in nanoscience, homeland security or bioscience advances, Maryland faculty are selected for national leadership and are making news. Many recent major faculty initiatives receiving significant external support strengthen our homeland security endeavors—centers for research on agrosecurity and emergency management; intermodal freight transportation security; behavioral and social analyses of terrorism and responses to terrorism; astrophysics and advanced world climate and weather prediction; and a national Center for Advanced Study of Language.

In addition to its academic prowess, Maryland is also home to the Terrapins, whose athletic achievements are a perennial source of pride for nearly 250,000 alumni and residents of the state. In 2005-2006, the Terrapins brought home national championships in four sports — men's soccer, field hockey, competitive cheer and women's basketball — more than any university in the nation.

In 2004, Maryland's School of Music hosted the National Symphony Orchestra in its first university residency, and its 2006 opera production was declared by the *Washington Post* music critic "... as good as any Bohème you are likely to see this side of the Metropolitan Opera or Covent Garden."

Whether aiming for the skies or pioneering journalism programs in China, the University of Maryland is surging ahead. Building on the work of outstanding faculty and students, and with the loyal support of alumni and friends, Maryland is moving aggressively and confidently to a decade that will shine brighter than any other in its history.

DR. C.D. MOTE

UNIVERSITY PRESIDENT
CALIFORNIA '59
NINTH YEAR

In September 1998, C. D. (Dan) Mote, Jr. began his tenure as President of the University of Maryland and Glenn L. Martin Institute Professor of Engineering. He was recruited to lead the University of Maryland to national eminence under a mandate by the state. Since assuming the presidency, he has encouraged an environment of excellence across the University and given new impetus to the momentum generated by a talented faculty and student body. Under his leadership, academic programs have flourished. In 2005, the University was ranked 18th among public research universities, up from 30th in 1998. President Mote has emphasized broad access to the university's model, enriched undergraduate curriculum programs and launched the Baltimore Incentive Awards Program to recruit and provide full support to high school students of outstanding potential who have overcome extraordinary adversity during their lives.

He has spurred the university to lead the state in the development of its high-tech economy, especially in the information and communication, bioscience and biotechnology, and nano-technology sectors. President Mote has greatly expanded the university's partnerships with corporate and federal laboratories and successfully negotiated to bring to the College Park area the first Science Research Park sponsored by the People's Republic of China. Under his leadership, the University has established a research park, The University of Maryland Enterprise Campus, M-Square, located on a 115-acre site adjacent to the University of Maryland/College Park Metro with 3 million square feet of development potential. Among its first tenants are the Center for Advanced Study of Language, a joint venture of the University and Department of Defense, and the National Oceanic and Atmospheric Administration's new World Weather and Climate Prediction Center.

During President Mote's second year in office, the University began the largest building boom in its history, with more than $100 million in new projects breaking ground that year. New facilities address every aspect of university life, from the arts to recreation to classrooms and laboratories, and, in creative partnership with the private sector, new residential facilities. Highlights of the construction activity include the stunning Clarice Smith Performing Arts Center; the Comcast Center, a state of the art sports complex; a high tech research greenhouse; and new classrooms for chemistry, computer science, business and engineering. President Mote also led the development of a new Facilities Master Plan for development in the next 20 years, which is noted for its emphasis on environmental stewardship.

Dr. Mote is a leader in the national dialogue on higher education and his analyses of shifting funding models have been featured in local and national media. He has testified on major educational issues before Congress, representing the University and higher education associations on the problem of visa barriers for international students and scholars and on deemed export control issues. He has been asked to serve on a high level National Academies Committee appointed at the request of the Senate Energy Subcommittee of the Senate Energy and Natural Resources Committee to identify challenges to United States leadership in key areas of science and technology and to be a member of the Leadership Council of the National Innovation Initiative, an activity of the Council on Competitiveness. He has served as vice chair of the Department of Defense Basic Research Committee, and is a member of the Council of the National Academy of Engineering. In 2004-2005, he served as President of the Atlantic Coast Conference. In its last ranking in 2002, "Washington Business Forward" magazine counted him among the top 20 most influential leaders in the region.

Prior to assuming the Presidency at Maryland, Dr. Mote served on the University of California, Berkeley faculty for 31 years. From 1991 to 1998, he was Vice Chancellor at Berkeley, held an endowed chair in Mechanical Systems and was President of the UC Berkeley Foundation. He led a comprehensive capital campaign for Berkeley that raised $1.4 B. He earlier served as chair of Berkeley's Department of Mechanical Engineering and led the department to its number one ranking in the National Research Council review of graduate program effectiveness.

Dr. Mote's research lies in dynamic systems and biomechanics. Internationally recognized for his research on the dynamics of gyroscopic systems and the biomechanics of snow skiing, he has produced more than 300 publications, holds patents in the U.S., Norway, Finland and Sweden, and has mentored 56 Ph.D. students. He received the B.S., M.S. and Ph.D. in mechanical engineering from the University of California, Berkeley. President Mote has received numerous awards and honors, including the Humboldt Prize awarded by the Federal Republic of Germany. He is a recipient of the Berkeley Citation, an award from the University of California-Berkeley similar to the honorary doctorate, and was named Distinguished Engineering Alumnus. He has received two honorary doctorates. He is a member of the U.S. National Academy of Engineering and serves on its Council, and is a member of the American Academy of Arts and Sciences. He was elected to Honorary Membership in the ASME International, its most distinguished recognition, and is a Fellow of the International Academy of Wood Science, the Acoustical Society of America, and the American Association for the Advancement of Science. In Spring 2005, he was named recipient of the 2005 J. P. Den Hartog award by the ASME International Technical Committee on Vibration and Sound to honor his lifelong contribution to the teaching and/or practice of vibration engineering. In Fall 2005, he received the 2005 Founders Award from the National Academy of Engineering in recognition of his comprehensive body of work on the dynamics of moving flexible structures and for leadership in academia.

He and his wife of over 40 years, Patricia Mote, have two married children, Melissa and Adam, and four grandchildren. Patsy Mote has continued her strong support of the arts and is spokesperson for the Clarice Smith Performing Arts Center and a member of Prince George's County Arts Commission.

DEBORAH A. YOW

DIRECTOR OF ATHLETICS • 14TH YEAR AT MARYLAND

Deborah A. Yow is in the 14th year of her outstanding tenure as director of athletics at the University of Maryland, a tenure that has seen unprecedented success and achievement in Maryland athletics. In Yow's 13-plus years at Maryland, the Terrapins have won a remarkable 15 national championships and graduated student-athletes at an enviable rate as Maryland athletics has soared to sustained new heights among the nation's elite intercollegiate athletic programs.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of ***excellence, teamwork and accountability***.

Likewise, her prior election to the presidency of the National Association of Collegiate Directors of Athletics is an indication of the wide respect with which she is regarded among its 6,100 members representing 1,600 colleges and universities in the U.S. and Canada.

She has been honored by Street and Smith's Sports Business Journal as one of the 20 most influential people in intercollegiate athletics and she has received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration.

Dr. Yow was selected to serve on the U.S. Department of Education's Commission on Opportunities in Athletics to review the status of Federal Title IX regulations. She recently served as the chair of the Atlantic Coast Conference Committee on Television. The committee is charged with overseeing the league's TV contracts and dealing with issues related to television, including multi-year ACC football and basketball contracts with ABC, ESPN, ESPN2 and syndication entities. In January 2008, she will become a member of the Board of Directors of the National Football Foundation.

Additionally, she has represented intercollegiate athletics with presentations in a number of prominent settings such as the Harvard University School of Law conference on "Shaping the Future of Collegiate Athletics" and the Street and Smith's Sports Business Journal "National Forum on the Direction of Intercollegiate Athletics" in New York. She was also recently inducted into the State of Maryland Women's Hall of Fame and the North Carolina Sports Hall of Fame, joining fellow Terp Buck Williams as honorees.

Yow, who has served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America.

Since taking over as AD at Maryland in 1994, she and her staff have:

- Transformed Terrapin athletics into a responsive, goal-oriented organization with 27 sports and more than 700 student-athletes.
- Balanced all 13 of the department's annual budgets (none of the budgets were balanced in the 10 years prior to her arrival). The budget has now reached $56 million annually and the multi-million dollar accumulated operating debt which her administration inherited has been eradicated.
- Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent for student athletes at Maryland.
- Led the Terrapins to a national all-sports ranking in the upper 7 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased over 350 percent and corporate sponsorship revenues have increased by over 300 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department's 27 teams. The Comcast Center for men's and women's basketball and other sports that use the facility is a prime example of the remarkable upgrade of athletic facilities.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.

IN DECEMBER OF 2004, DEBORAH A. YOW WAS NAMED ONE OF THE MOST INFLUENTIAL PEOPLE IN COLLEGE ATHLETICS BY *STREET & SMITH'S SPORTS BUSINESS JOURNAL*.

Yow congratulates one of the members of the Maryland Competitive Cheer team that won the 2006 NCA Division I National Championship.

- Significantly improved customer care in every area of Maryland athletics.

The most recent achievements of Maryland athletics are exceptional:

- Maryland captured a remarkable six national championships during the past two seasons.
- In 2006, the Terrapins achieved the highest student-athlete graduation rate in the history of Maryland athletics.
- Fundraising for Maryland athletics set a historic mark of $31 million in 2006-07.
- Maryland was selected by U.S. News & World Report as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).
- In 2005-06, Maryland Athletics won the inaugural PRISM Award as the most well-managed Division I collegiate athletics program in the nation.
- Maryland was ranked as the sixth-finest athletic program in the nation by the Laboratory for the Study of Intercollegiate Athletics, based on comprehensive criteria such as graduation rates, financial efficiency, equity effectiveness and competitive excellence.
- In men's basketball, the Terps won the Atlantic Coast Conference title over Duke in the championship game in 2004 and won the NCAA National Championship in 2002. Under Coach Gary Williams, the men's basketball team appeared in 11 consecutive NCAA Tournaments and in 12 of the last 14 tournaments.
- Women's basketball won the 2006 NCAA National Championship under head coach Brenda Frese, completing an amazing turnaround that saw the program go from a 10-18 record to a National Championship in four seasons.
- In football, the Terps won the 2001 Atlantic Coast Conference championship and played in the 2002 Orange Bowl, followed that with an 11-win season and a 30-3 victory over the University of Tennessee in the Peach Bowl, again followed by a 10-win season and a 41-7 win over West Virginia in the Gator Bowl on New Year's Day 2004. In the 2006-07 season, Maryland returned to the bowl scene, where the Terps beat Purdue, 24-7, in the Champs Sports Bowl. Graduation rates in football are exemplary and the program was recently recognized by the American Football Coaches Association for its academic excellence under Coach Ralph Friedgen.
- Additionally, Maryland is one of only nine universities to win the National Championship in football and men's basketball and is one of only three universities in the nation to win National Championships in men's basketball, women's basketball and football. Stanford and UCLA are the only other NCAA Division I institutions to achieve that mark.
- Set an ACC single-game record for women's basketball attendance by drawing 17,950 to a regular-season game at Comcast Center and led the ACC in season attendance.
- Hired Dave Cottle, the third-winningest active men's lacrosse coach in the U.S., who guided his team to the NCAA Final Four in his second year.

Dr. Yow with Boomer Esiason (left), Bonnie Bernstein (center) and Steve Francis (right).

- Field hockey earned National Championships in 2005-06 and in 2006-07, and has become a perennial participant in the Final Four in that sport.
- In women's lacrosse, hired Kathy Nelson Reese, who was named the 2007 ACC Coach of the Year in her first season as coach of the Terps.
- Men's soccer has appeared in four Final Fours in the past five years and won the NCAA National Championship.
- Football facilities have been significantly enhanced with team house, stadium and practice field upgrades. The Academic Center was the first improvement, as it took priority over all other initiatives.
- The Terrapins have moved into the $130 million Comcast Center, housing athletic department offices and seating for 18,000 fans for basketball and other events – part of a remarkable $250 million upgrade and expansion of athletics facilities during Dr. Yow's leadership of Maryland Athletics.
- In 2006-07, 24 Maryland teams competed in postseason play.
- The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past 13 years, Yow says, ***"We are pleased, but we are not satisfied... our vision is to be one of the Top 5 programs in the nation consistently...*** we see ***no reason to settle for less."***

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to ***"raise our sights and sharpen our tools... to work hard and work smart... to recognize that our only limitations are those that we place upon ourselves."***

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men's basketball (while at Saint Louis University). In 2002, she also brought to the University of Maryland Brenda Frese, who at that time was the National Coach of the Year in women's basketball. Four years later, Frese led the Terrapins to the NCAA National Championship at the Women's Final Four in Boston.

Dr. Yow is known as "a coach's AD," while also being highly organized and a strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator and leader.

A successful former basketball coach at the University of Kentucky and University of Florida, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a successful tenure as AD at Saint Louis University.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States.

Summing up the entire Maryland athletics program, our athletics director recently stated, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the M Club members who serve and give liberally. We are also blessed with a terrific President, Dr. Dan Mote, who has fostered a mindset of excellence across our institution. He is a strong and balanced advocate for what he calls 'the three A's of the University -- Academics, the Arts and Athletics'. We have a great Terrapin family. That's the foundation for all of our success... and the basis for our bright future. It's a great time to be a Terp."

ACADEMIC SUPPORT AND CAREER DEVELOPMENT

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.

Led by associate athletics director Anton Goff, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes. **Sarah Parbel** works with the Maryland men's tennis team.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for professional academic counselors, a director of enrichment programs, an assistant program coordinator and a graduate assistant. In addition, a new academic wing was added to the Gossett football team house recently. It features offices for two counselors, a program coordinator and three learning specialists; as well as a quiet study area, 29-desk computer lab, classroom, tutor rooms and classroom/lab for the individualized learning program.

Academic courses, programs and services offered by ASCDU include the following:

- Student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100 (First-year transitions to the university)

MARYLAND GAMEPLAN

The Maryland Gameplan is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 500 corporations and businesses across the country, in addition to being featured on the M Club website. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The Maryland Gameplan directory is produced annually in collaboration with the M Club.

CAREER NETWORKING NIGHT

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume- writing, interviewing skills, graduate school search and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Career Networking Night, where student-athletes can learn about career interests and career planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest. Employers at the Career Networking Night recognize the marketable qualities student-athletes have gained through athletic participation. Student-athletes learn about opportunities for internships and full-time jobs.

STUDENT-ATHLETE ADVISORY COMMITTEE

The Student-Athlete Advisory Committee (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/LIFE SKILLS PROGRAMS

ASCDU houses the NCAA's (National Collegiate Athletic Association) CHAMPS/Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

Highlights of the CHAMPS/Life Skills Programs:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities
- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

CHAMPS/LIFE SKILLS PROGRAMS COMMITMENT STATEMENTS

Commitment to Academic Excellence

To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence

To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development

To support the development of a well-balanced lifestyle for student-athletes, encouraging emotional well-being, personal growth and decision-making skills.

Commitment to Career Development

To encourage the student-athlete to develop and pursue career and life goals.

Commitment to Service

To engage student-athletes in service to his/her campus and surrounding communities.

ACADEMIC SUPPORT FOR RETURNING ATHLETES PROGRAM

The Academic Support for Returning Athletes Program was created in 1986 to support the academic efforts of former varsity student-athletes at the University of Maryland, College Park. In 1989, ASRAP was assigned by the President's Office to the Academic Achievements Program and enrolled 40 students that year. As a member of the National Consortium for Academics and Sports (NCAS), the University of Maryland is committed to assisting its former athletes with degree completion. A key component of the program is community outreach. Each returning student completes a "workship" that allows the cost of tuition and fees to be exchanged for community services with youth. In 2002, ASRAP moved into the ASCDU.

MEDIA INFORMATION

MEDIA GUIDELINES

Credentials: Media and photographer credentials for events at Maryland's Tennis Center at College Park may be obtained by working press, radio and television by writing or calling Chase Jones in the Maryland Athletics Media Relations Office, 2725 Comcast Center, College Park, MD 20741-0295. All requests should be submitted at least 48 hours prior to the event by phoning the Media Relations Office at (301) 314-7064. Since space is limited, accommodations are on a priority basis: daily newspapers and wire services, originating radio and television stations, national weekly or monthly publications, electronic media outlets, local and regional television crews. Priority is granted to members of the media who cover Maryland Athletics on a regular basis, and to visiting media members. Photo passes will be issued only to accredited photographers on assignment.

Services: The Media Relations Office will provide complete statistics at the conclusion of every home game. Programs containing rosters and event notes on each team will be provided for the working media.

Fax Machine: The Media Relations Office has one facsimile machine, located in Room 2725 of Comcast Center, which is available upon request. The fax number is (301) 314-9094.

Terps on the Web: For up-to-date game stories, statistics, schedules and results, and other Maryland athletic department information, please locate www.umterps.com on the Internet.

MEN'S TENNIS SUPERVISOR

KATHY WORTHINGTON

SENIOR ASSOCIATE ATHLETICS DIRECTOR

Kathy Worthington was named associate athletics director for internal operations in May 1999, and promoted to executive senior associate athletics director in September 2002. She came to Maryland from Morehead State University, where she had served as associate athletics director since February 1998 after spending two years as an assistant athletics director.

At Maryland, Worthington is responsible for supervision of the department's student-athlete support services, including sports medicine, academic support, compliance, media relations and strength and conditioning.

During her time at Morehead State, her primary focus was business operations, policy development, and strategic planning. Prior to Morehead State, Worthington spent two years as the assistant to the AD at the University of Wisconsin-LaCrosse.

She earned her bachelor's degree in mass communications from the College of Notre Dame in Maryland in 1985. She earned a master's degree in public relations from Syracuse and a master's in athletics administration from Wisconsin-LaCrosse.

In April of 2004, Worthington was appointed a member of the NCAA Division I Academics, Eligibility and Compliance Cabinet. She was inducted into College of Notre Dame's Athletic Hall of Fame in 1997 and in 1999 was named an NCAA Leadership Fellow. In 1996, she earned the Graduate Student Achievement Award from University of Wisconsin-LaCrosse.

HOME OF THE TERRAPINS

BALTIMORE

So much, so close... It's all here beyond the University of Maryland campus. City lights, history, sparkling waterfronts, monumental landscapes, jazz, film festivals, marches and demonstrations, shopping, professional sports, regattas on the Chesapeake Bay. Not just one city, but three. Not just any city, but the nation's capital, a major port city, and the state capital of Maryland.... Home of the Terrapins!
